1. INTRODUCTION

Pashley Down Infant school is committed to taking all steps to avoid placing anyone at a substantial disadvantage and therefore works closely with pupils with disabilities, their families and any relevant outside agencies in order to remove any potential barriers to their learning experience.

The school is active in promoting an inclusive positive environment by ensuring that every pupil is given equal opportunity to develop socially, to learn, and to enjoy school life. The school continually looks for ways to improve accessibility within the school through data collection, parents/carer questionnaires and discussions.

2. LEGAL FRAMEWORK

2.1 This policy has due regard to statutory legislation including, but not limited to, the following:

- United Nations Convention on the Rights of the Child
- United Nations Convention on the Rights of Persons with Disabilities
- Human Rights Act 1998
- Special Educational Needs Regulations 2014
- Education and Inspections Act 2006
- Equality Act 2010
- Equality Act 2010 (Specific Duties) Regulations 2011
- Disability Discrimination (England) Regulations 2005

2.2 This policy has due regard to national guidance including, but not limited to, the following:

- The Equality Action 2010 and schools, DFE (2014)

2.3 This policy will be used in conjunction with the following school policies and procedures:

- Administration of Medicines Policy
- Admissions Policy
- Accessibility Plan (see below)
- Anti-Bullying Policy
- Behaviour Policy
- Complex Medical Needs Policy
- Early Years Foundation Stage (EYFS) Policy
- Equal Opportunities Policy
- Health and Safety Policy
- Safeguarding Policy
- SEN Information Report
- Special Educational Needs and Disabilities (SEND) Policy

3. DEFINITION

A person is defined as having a disability if they have a physical or mental impairment that has an adverse, substantial and long-term effect on their ability to carry out normal day-to-day

activities. It is our role as a school to remove barriers to learning, to ensure that no pupil is discriminated against on the grounds of disability.

4. ROLES AND RESPONSIBILITIES

4.1 Governors and Headteacher

- The governors and headteacher will be responsible for implementing and monitoring the Accessibility Plan.
- The headteacher is responsible for ensuring that staff receive training, to enable them to support children with needs.

4.2 Inclusion Team

- The Inclusion Leader, with the SLT, will create an Accessibility Plan with the intention of improving the school's accessibility.
- The Inclusion Team will ensure that pupils with special educational needs and disabilities (SEND) are appropriately supported.
- The Inclusion Team will ensure that staff members are aware of individual pupils' disabilities or medical conditions, where necessary.
- The Inclusion Leader is responsible for consultation with other professionals and experts, if challenging situations arise regarding pupils with disabilities.

4.3 School Staff

- All staff members are responsible for ensuring their actions do not discriminate, and so they should act in accordance with the school's policies.
- When a new pupil joins the school, the Inclusion Team will establish whether the pupil has any disabilities or medical conditions, which school staff should be made aware.
- Designated members of staff will be trained to effectively support pupils with medical conditions, such as understanding how to administer insulin.

5. ACCESSIBILITY PLAN

5.1 The Accessibility Plan sets out how access will be improved for pupils, staff, parents / carers and visitors with disabilities, within a given timeframe.

5.2 The plan has the following key aims:

- To increase the extent to which pupils with disabilities can participate in the curriculum
- To improve and maintain the school's physical environment to enable pupils with disabilities to take advantage of the facilities and education on offer
- To improve the availability and delivery of written information to pupils, staff, parents / carers and visitors with disabilities.

5.3 The intention is to provide a projected plan over a three-year period.

5.4 If it is not feasible to undertake all of the plans / works during the lifespan of the Accessibility Plan, some items will roll forward into subsequent plans.

- 5.5 In implementing the plan, the school will take advice from, and will work collaboratively with, the Local Authority.
- 5.6 The Accessibility Plan will be used to measure the necessity of making reasonable adjustments in order to accommodate the needs of people with disabilities where practicable.
- 5.7 The Inclusion Leader will review the Accessibility Plan annually, in order to measure progress, and to ensure that actions in the plan feed forward into other school planning (for example, the annual planning of improvement to the school environment).
- 5.8 Both the Accessibility Policy and Plan will be published on the school website.

6. EQUAL OPPORTUNITIES

- 6.1 Pashley Down Infant school strives to ensure that all pupils are given the same opportunities.
- 6.2 The school is committed to developing a culture of inclusion, support and awareness.
- 6.3 Staff members will be aware of any pupils who are at a substantial disadvantage and will take appropriate steps to ensure the pupil is effectively supported.
- 6.4 The Accessibility Plan will detail any barriers that are hindering the opportunities for pupils with SEND. The aim of the plan is to take appropriate measures in order to overcome these barriers, allowing all pupils equal opportunities.
- 6.5 Wherever possible, teaching staff will adapt their lesson plans and resources in order to allow pupils full access to the curriculum.
- 6.6 Where a pupil is participating in tests and more formal summative assessments, the school will make any reasonable adjustments necessary (e.g. publishing papers or booklets in larger font, on buff paper).
- 6.7 The school will ensure that their extra curricular activities, and educational trips, are accessible to all pupils. The school, in partnership with parents, will make reasonable adjustments to allow pupils with SEND to participate.

7. ADMISSIONS

- 7.1 Pashley Down Infant school follows the Local Authority admissions policy, and so will adhere to the criteria published by the LA.
- 7.2 The open admissions policy means that pupils may be admitted with a known disability, which enables support to be planned. However, the school also has a role in identifying previously undiagnosed conditions, and to put in place appropriate support. Although a pupil may have Special Educational Needs, it does not necessarily mean the presence of a disability; however, the school recognises that the two may be present for individual pupils.

- 7.3 Parents / carers of new pupils with an EHCP, or with SEND, are invited to a transition meeting prior to the pupil starting school, in order to discuss the pupil's specific needs and to plan the transition.
- 7.4 Information will be obtained from previous settings, and relevant professions, to facilitate advanced planning for inclusion.

There are three main areas of accessibility in school:

8. One: ACCESS TO THE CURRICULUM

- 8.1 Pashley Down Infant school is committed to providing a healthy environment that enables full curriculum access. The school values and includes all pupils regardless of their educational, physical, sensory, social and emotional needs.
- 8.2 The school aims to provide a differentiated curriculum to enable all pupils to feel secure and to make progress.
- 8.3 There are established procedures in place, for the identification and support of pupils with SEND. Detailed information on pupils with SEND is given by the Inclusion Team to relevant staff in order to aid teaching (*e.g. short and long term targets set out in any plans, the child's strengths and interests, and any advice from partner agencies and professionals*).
- 8.4 The class teachers, in discussion with the Inclusion Leader and parents / carers, will ensure that adjustments are made, in line with common sense and practicalities, to enable participation of pupils with any particular disability or impairment.
- 8.5 Curriculum Leaders will work together with the Inclusion Leader to adapt the curriculum to meet the needs of individual pupils.
- 8.6 Physical Education lessons will be adapted, wherever possible, to allow pupils with disabilities to participate.
- 8.7 Specialist resources will be made available where possible (*e.g. a wobble board, and technology such as iPads*).
- 8.8 Advice will be sought from partner agencies and professionals where appropriate, to enable access to the curriculum.
- 8.9 The Inclusion Team, which includes SEN TAs and INAs, are deployed to implement specific programmes (e.g. speech).

9. Two: ACCESS TO THE PHYSICAL ENVIRONMENT

- 9.1 Pashley Down Infant school is committed to ensuring that, wherever possible, all pupils, staff, parents / carers and visitor have equal access to areas and facilities within the school premises.

- 9.2 The school has toilet facilities suitable for people with disabilities.
- 9.3 A disabled parking bay has been set aside, right next to a school entrance point.
- 9.4 The medical room provides an area for nappy changing.
- 9.5 Where entrances to the school are not flat, a ramp has been built (Main entrance, access to Year 1 and Reception entrances). A flat path has also been built to enable access to the back of the school, from the playground.
- 9.6 Double-width doors have been installed at two entrance points, to allow for wide wheelchair access.

10. Three: ACCESS TO WRITTEN INFORMATION

- 10.1 Pashley Down Infant school is committed to supporting access to written information, for pupils in the classroom, and for parents / carers and visitors to the school.
- 10.2 In the classroom, a range of strategies and equipment is used to enable pupils to access information in lessons, and other school activities. For example, the Communicate in Print computer program is used to create picture cues alongside text. There are visualisers In all classrooms that enable teachers to enlarge text, and iPads for pupils to use to record their work through photos, and Talk Boxes for pupils to record their work verbally.
- 10.3 Information for parents / carers is provided through a number of different ways, including email, text messaging, the school website, and occasionally paper. Staff also meet with parents / carers to communicate verbally, especially where accessing written materials is a barrier.
